“One School, One Heritage”

Making responsible citizen need to start from childhood. “One School - One Heritage” program is designed to bring awareness among the school children and create our neighborhoods clean and green. Each local school shall be assigned one open space area for regular cleaning and its monitoring. Students will gain the knowledge on the heritage sites including the history, cultural values and tradition while developing ownership.

Setting up Eco-Clubs in local schools and conducting regular extra curricular activities like arts & crafts, drama and other activities to raise awareness among the future generation regarding waste management and other environmental issues. Their involvement also encourage local communities to be responsible for the cleanliness of their neighborhoods.

Under PARYA SAMPADA project, LUMANTI is coordinating with two local schools- Tri Ratna Cooperative School and Adarsha Soula Yuvak School of Bungamati are part of this initiative.

Students of Tri Ratna School participating in open space cleaning program. They are also utilizing the opportunity to visiting Goddess Kumari and on-site learning the history behind the Bungamati and Rato Machhendranath.
